

THE HAPPINESS HANDBOOK BY JENN FLAA

Have you ever thought: "My partner just doesn't get me!" "Should I toss you or train you?" or "Why can't you just read my mind?" What if you could have fun exploring what makes you happy and have a simple way to communicate it to your loved one? What if they actually did your happy making things. Imagine how that would change your life!

The Happiness Handbook is a witty romp that walks with you on the path to your own clarity and gives you a vehicle for communicating what you need. Now your partner can "win" and "get you" and you can experience having your needs and desires met.

"This book is not a 'Cosmo Quiz on Steroids' but a compassionate, interactive look at what makes the reader feel good and a way to communicate it to the person who is the most important player in her life." Jane Angelich, CEO, Bright IP Concepts

"I did the book twice. The first time I was without a partner and focused just on what makes me happy

within the context of what I can provide. Later, I did it again with my partner in mind...I'm also grateful to have my needs and desires met so fully." Mary Anne Rasmussen, HR Consultant

"Knowing that my woman exudes happiness makes me feel hugely successful in the game of life." Victor Gold, Author, *The Potency Principles*
